Title of Panel (if any):		

I commit myself to create a panel, as part of the CHCA Mural Project, on the weekend of September 18th and 19th, 2010, or such later time as may be set by CHCA, due to adverse weather conditions on that weekend, or for any other reason. I agree that my specific panel, and its location on either Eastern Parkway, east of Franklin Ave, or Franklin Ave, North of Eastern parkway Avenue, will be determined at the discretion of CHCA. I further understand that this is NOT a paid commission, but rather an opportunity for artists who reside in the community to make a positive impact in the neighborhood through their art. There is no honorarium or other remuneration for participation in the project beyond the materials reimbursement noted below.

RESTRICTIONS: The only conditions imposed by the owners of the construction site are that the mural's content and flavor will not be offensive to any person or group. It is also understood that neither Eli Mazon Corporation (the owners) nor CHCA will be responsible for any damage to my mural panel.

I understand and acknowledge the mural will be TEMPORARY in nature because construction could resume at any time and, in any case, the particleboard fence on which my panel is created will eventually deteriorate. I agree that I will not hold neither CHCA nor Eli Mazon Corporation responsible for any damage to the panel I create.

I understand that reimbursement for materials will be limited to a maximum of \$30 and that, should I apply for such reimbursement, I will provide receipts for materials I have used.

I agree to exercise due care while creating my panel and will hold CHCA and Eli Mazon Corporation harmless for any injury I might sustain while creating said panel.

I will retain copyright over my artwork, but agree that CHCA may publish images of my panel for purposes of publicity and documentation.

By submitting this form to CHCA, by Email or other means, I agree to all terms presented above, which I have read and understand.
