

NO TO THE INTAKE CENTER YES TO SERVICES FOR THE HOMELESS

- Crown Heights and Prospect Heights have **5X the city average social service beds.**
- This includes **one of the worst run and largest shelters in the city** at the Bedford-Atlantic Armory.
- The City is proposing adding an intake center to Bedford-Atlantic and directing **thousands of additional unsupported homeless men** to this community every year.
- They are **not** proposing to increase the already **inadequate services for the homeless** in our community.

SAY NO TO THE CITY'S PLAN!

SAY YES TO:

- **Fair Share of social services** across NYC, not just in one neighborhood.
- **Increased** counseling, job placement, permanent housing and other services for homeless men.
