Free Summer Arts Camp
Frequently Asked Questions

- What activities will you be offering participants?
  Students will be offered engaging programming in photography, music, journaling, dance/fitness, theater, visual arts, leadership, and cooking.

- Where will HAI SUMMER ARTS CAMP be taking place?
  This year we will be reprising our residency at P.S. 329 The Surfside School, 2929 West 30th Street, Brooklyn NY 11224. We will be in session from July 7 - 31.

- Will transportation be offered to students traveling from boroughs other than Brooklyn?
  Unfortunately, we are unable to provide transportation of any kind. However, we are more than willing to meet up with students who are traveling long distances at to be discussed locations each morning, so that they will not have to travel alone. These meetup groups will be chaperoned by one of the camp’s teaching artists.

- How early can I drop my child off in the morning? How late can I pick my child up in the afternoon?
  Programming begins at 9 am and ends at 4 pm Monday through Thursday. Students are admitted into the building following 8:30 AM. Parents are expected to pick up their children no later than 4:30 PM.

- May I enroll more than one of my children, if they are not set to be enrolled in Mark Twain next year?
  We understand that it can be difficult for parents to run around dropping off and picking up their children from different summer programs all over the city. In the case of siblings, we are open to enrolling brothers/sisters as long as they are an incoming NYC-DOE 6th, 7th, or 8th grader.

- What are the planned outcomes/goals of HAI’s SUMMER ARTS CAMP?
  Much like all programming offered by HAI, our ultimate goal is to provide access to the arts for underserved populations and communities. In addition to facilitating creative personal exploration and expression, we wish to provide students with a platform to combat bullying, explore different cultures, and ultimately expand their ways of seeing.
